

Floor 0

timestamp: 24.04.2023, 8:54:14

Number of people left on the floor: **22**

Office 2

Level of danger: **medium**

Specification of the danger: **highly increased temperature, highly CO2 density, low humidity**

Office 1

Level of danger: **medium**

Specification of the danger: **highly increased temperature, high CO2 density**

Office 3

Level of danger: **medium**

Specification of the danger: **highly increased temperature, high CO2 density**

Office 4

Level of danger: **mild**

Number of people left: **1**

Specification of the danger: **slightly increased temperature, medium CO2 density**

Reception

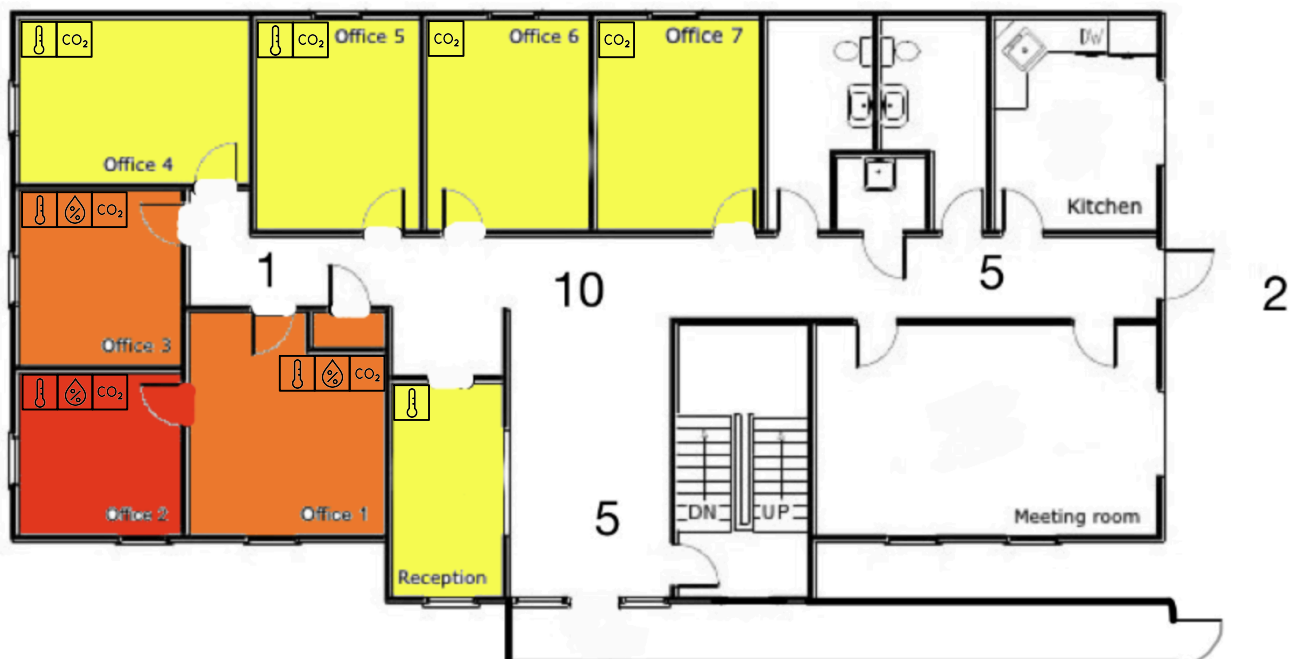

Level of danger: **mild**

Number of people left: 1

Specification of the danger: **slightly increased temperature**

Floor 0

timestamp: 24.04.2023, 8:54:34

Number of people left on the floor: 23

Office 2

Level of danger: **critical**

Specification of the danger: **highly increased temperature, high CO2 density, extremely low humidity**

Office 1

Level of danger: **medium**

Specification of the danger: **highly increased temperature, high CO2 density, low humidity**

Office 3

Level of danger: **medium**

Specification of the danger: **highly increased temperature, high CO2 density, low humidity**

Office 4

Level of danger: **mild**

Specification of the danger: **slightly increased temperature, medium CO2 density**

Office 5

Level of danger: **mild**

Specification of the danger: **medium CO2 density, slightly increased temperature**

Office 6

Level of danger: **mild**

Specification of the danger: **slightly increased CO2 density**

Office 7

Level of danger: **mild**

Specification of the danger: **slightly increased CO2 density**

Reception

Level of danger: **slightly increased temperature**
